## **DESCRIPTION**

TOP GREEN SUPER OIL TREATMENT is the latest advance in crankcase additive technology. TOP GREEN's proprietary 3 in 1 formula is engineered to provide the following performance benefits:

1. Viscosity Index Improver – Resists viscosity breakdown.
2. Friction Modifier – Proprietary blend of green molybdenum organic reduces copper wear dramatically when compared to ordinary treatments.
3. Engine Treatment – TOP GREEN's "viscous cling" properties ensure proper lubricity on all internal engine parts to prevent metal-to-metal contact at engine start-up, where 80% of engine wear occurs.
