

PRODUCT DATA SHEET

CHAIN LUBE

Product Overview

TOP 1 Synthetic Chain Lube is a fully synthetic, high viscosity lubricating oil designed with special anti-wear additives that provides a high strength lubricating oil film for chain and seal ring. This product is applicable to a wide range of motor vehicles including high speed and high load locomotive chains. It is especially suitable for O, X, and Z type oil sealing chains.

Features & Advantages

Suitable for use in a wide variety of applications including: all types of motorcycles, bicycles, mopeds, ATV, etc.

Reduces the friction and wear of the chain

Water resistant and heat resistant characteristics

Continued use and application of TOP 1 Synthetic Chain Lube will extend the life of your chain

Typical Characteristics

Name, units	CHAIN LUBE
Density @ 20°C, g/cm ³	0.70 ± 0.02 g/cm ³
Appearance	Yellow or Red semi-transparent liquid
Odor	Solvent smell
Volatile Matter, %	> 15.0
